

we get to Select File, you're going to have to explain what you've done. If it proceeds to Final Reading in that form and becomes law in that form, you are going to have an even more difficult job. I would hope that you would continue this debate. I would support the Lamb amendment. And I would hope that the issue then is resolved, and that at some time tonight we have the chance to vote on what I consider one more important amendment, that is 1119, on 835.

PRESIDENT: Senator DeCamp, do you wish to speak on this amendment?

SENATOR DECAMP: Question.

PRESIDENT: I assume Senator Hoagland does not wish to speak. We do not need to go through the exercise. I will merely ask Senator Lamb to close.

SENATOR LAMB: I think there is no need for extended debate at this point. Senator DeCamp supports the amendment which makes me very suspicious, so I probably outsmarted myself, so I'll just ask you to adopt the amendment and take the consequences later.

PRESIDENT: Motion is to adopt the Lamb amendment that has been under discussion. All those in favor vote aye, opposed vote no. Simple majority prevails. Have you all voted? Record the vote.

CLERK: 20 ayes, 0 nays, Mr. President, on the adoption of Senator Lamb's second amendment.

PRESIDENT: The motion carries. The amendment is adopted.

CLERK: I have nothing further to the DeCamp amendment, Mr. President.

PRESIDENT: Anything further on the bill? We're back to the DeCamp amendment, to approve the DeCamp amendment as amended. Senator DeCamp, do you wish to say a word on your amendment as amended.

SENATOR DECAMP: I would move its adoption.

PRESIDENT: Very well. Senator Schmit.
